Hi all. If you've got this message I obviously think there's a chance you'll want to contribute a story, drawing, comic, design, film, song, poem or some such artsy outpouring to this thread. If you balk at the idea of a whatsapp group with 50 odd people in I don't blame you. It might well be a nightmare. Feel free to just opt out now and apologies for the spam. If you're not sure, mute away until you feel like contributing or just consuming content as we call it now. This whatsapp group is a zine in itself and anyone who contributes anything will receive a physical zine in the post if they do wish. By typing in this group or dropping media you are giving me permission to use it in the physical zine and you're aware the other people in the thread can see it. Why so serious? It's not it's fun can't you tell? This is how we have fun now. tLDR please send me art of any kind to photocopy. Love from

"I feel a Facebook status coming on," said the Facebook user.

"I knew it!" said the 'nother' one who used Facebook.

Facebook user: "have seen so many penoses tonight and even some chin bags!"

Nother one: "Yes, we used to hang out with them hanging out all the time."

Facebook user: "Yes, even in winter!"

Nother one: "yes"
